6.7. Mr. Samwel Kipkoech Barchok- County Executive Committee Member, Children and Social Services

Mr. Samwel Kipkoech Barchok appeared before the Committee on Friday, 20th February 2015. As per his vetting, Mr. Samwel stated to the committee the following:

1. He was born in 1961 in Chebaraa village. He hails from Chepalungu Sub County and Sigor Ward. He went for his primary education to Tumoi Primary School between 1970-1976, then to St. Mary's Yala for his A level Course and Kenyatta University for his Degree- Bachelor of Education in Science; he is currently pursuing a Diploma in Education Management. He has worked as a teacher since 1987-1997 and later promoted to a head of a department at Njoro Boys High School between 1987-1998. He was later promoted as a principal in 1999 and since then he has been a principal of four schools to date, he is currently the Principal of Bingwa High School.
2. The nominee stated that between 2006–2011 he requested to become a head of a department from a principal so that he could come closer home to take care of his sick mother.
3. The nominee was unable to state the functions of the CEC as provided for by the County Governments Act, 2012; he stated that being a CEC some of the functions he shall undertake in his office includes betting and casinos, assisting the vulnerable children, PWDs and the disbursement of the oldage funds in the County.
4. The nominee informed the committee that to address the challenges faced by the aged and PWDs he would ensure there are adequate funds to support the vulnerable families and ensure there are adequate amenities and special classrooms for special children.
5. He further stated that the relationship between the Gender, Culture and Social Services Sector and Health Sector would be critical since these sectors are interrelated e.g. His sector would need support from the health sector especially in terms of providing medical services to the old persons and treating children or people living with HIV and AIDS.
6. The nominee informed the committee that he would best fit in the position since he had experience in assisting the less fortunate in his

current work environment (School) where he has many vulnerable children who are his students.

7. The Committee noted that the nominee had not applied for the CEC position but was nominated by the Governor and he accepted the position.
8. The nominee was put to task by the committee to explain why he was leaving the teaching profession where he had been for the last 30 years and become a CEC. He informed the committee that having worked for that long in teaching, he was satisfied especially seeing his students succeed in life, however it was now time for change and being a CEC would grant him this.
9. The nominee further stated to the committee that the same passion he has in dealing with the students and their parents, it would also apply once he takes over the CEC docket, he mentioned that he would be dealing with the same people and that would not be a challenge to him.
10. On the question of the problems facing the old age in the County and how to address them, the nominee informed the committee that he had noted that there were delays in payment of the cash transfers to the old persons on a monthly basis, and also, after issuance of sim cards to the beneficiaries of these funds, they had not been educated on their use forcing them to be switched off due to lack of use after the 6 months expiry. He informed the committee that once in office he would undertake an assessment of the old persons to ensure an adequate budget is allocated so that they can get their funds on a regular basis and look for a better option to ensure the sim cards are in use.
11. The nominee was unable to explain why the old persons under the cash transfer could not get the funds on a regular basis; however he noted

that it may have been due to the daily registrations done of the old persons by the concerned Sector.

12. The nominee informed the committee that some of the interpersonal skills he had that would assist him to perform his functions if he became the CEC would be; good listening skills as he has been a teacher for over 30 years dealing with students, other teachers and parents. In addition, he is social and very accommodative.
13. On the question of what measures and strategies would the nominee put in place to ensure uniformity in supporting PWDs, Old persons, Orphans and vulnerable children across all the 25 wards in Bomet County. The nominee informed the committee that he would undertake an assessment within all the wards to know the number of PWDs, the old persons, and the vulnerable so as to allocate enough budget for their needs, he would also listen to the citizens on the ground and work on policies on the same issue.
14. The nominee was unable to state the budget allocations for the last financial year and the current financial year within this sector as well as the current status of PWDs fund and their utilization.
15. The committee noted that the nominee was not well conversant with the Constitution of Kenya, 2010 especially he could not name the Chapter on devolution and the objects of devolution.
16. The nominee was conversant with the 4th Schedule of the Constitution and he indicated some of the functions of the County Governments including Agriculture, Health, Early Childhood Development Education (ECDE), Village Polytechnics and County Roads. However the nominee failed to mention the functions that are in the Gender, Culture and Social Services Sector.

17. On the question of the cultural heritage centers in the County and what can be done to promote them, the nominee was not able to name any of the cultural heritage centers within the County.
18. On the question of the county being one of the counties blessed with cultural musicians and if they are of value to their families and the society, the nominee indicated that the cultural musicians were of great value to the larger Rift Valley Province, however the Society has not placed much effort in supporting these musicians thus rendering them to live in poverty. The Nominee stated to the committee that he would strategize on training the musicians to ensure good management of the funds they receive after performance or from selling their CDs and curb piracy. He however did not mention on how he would promote these musicians and their music.
19. On the question of how the nominee would address the issue of FGM which was rampant in his ward, he informed the committee that he would ensure that the general public is educated on the disadvantages of the practice and work with the administration to ensure education for all applies and young girls do not drop out of School.
20. The nominee informed the committee that, to be able to raise revenue through the cultural heritage centers, once he is in office, he would create the cultural centers along our main road to tap on the many travelers and tourists using the road.
21. The nominee was unable to mention the progress of the Sector currently within the county, he noted that since not much could be seen especially the results in the Sector, therefore the Sector may have been in its policy making stage.
22. The nominee was unable to mention what new strategies and programmes he would bring into the docket since he was not conversant with the current programmes of the sector. The committee

noted that the nominee had not sought for any information from the Sector especially in understanding its current status. The nominee however, informed the Committee that once he takes charge of the docket he would familiarize with it and learn fast to fastruck on the pending issues.

23. On the question of the three documents that would guide the nominee to manage the docket once he is the CEC, the nominee only named the Constitution of Kenya, 2010.
24. On the question of what are some of the children services the CEC would provide on a daily basis, the nominee stated that he would ensure parental care is provided for neglected children by ensuring that their parents are accountable and provide care and support to the vulnerable children.
25. The nominee was unable to indicate any of the national values and principles of governance as provided for in Chapter 2, Article 10(1) of the Constitution.
26. On the question of separation of power, the nominee acknowledged its importance to ensure the autonomy and independence of both arms of government in performance of their functions.
27. The nominee stated to the committee that he would be submitting reports to the County Assembly on the sector progress and specifically give report to the Committee of Gender, Culture and Social Services.
28. On the question of the nominees stand if funds in his docket were to be reallocated by the Governor, the nominee stated to the committee that he would advise the Governor based on the actual assessments and budgets developed by his sector to avoid misuse of funds and be affirmative in the same.

29. The nominee informed the Committee that his office would work closely and compliment the services offered by the National Government especially on probation and bursaries, so as to avoid duplication of the same in the counties.
30. The nominee indicated that the first five priority areas he would tackle once in office would be to streamline the old age and needy funds (Cash Transfers), initiate cultural heritage centers and assess the current situation of PWDs and vulnerable children for allocation of an adequate budget in the subsequent financial years.
31. The nominee indicated that he was worth a net of three (3) million Kenya Shillings and he has been involved in the teaching profession only.
32. On the question of how the nominee would deal with his work environment, that is dealing with vulnerable persons visa a vie the school environment, the nominee stated to the committee that the CEC environment would be similar to the school one since some of the students he would assist were very vulnerable and poor and this would not be a challenge to him.
