5.3 Oral submission by the nominee

5.3.1 Background Information and academic history;

When asked on his background information and academic history he stated that he studied in Chebirbelek primary school in 1991 and did K.C.P.E in the year 2000.

Having successfully passed he joined Litein Boys High School for secondary education for four years and did K.C.S.E in 2005. He further informed the Committee that in 2007 he joined Moi University to study Bachelor's Degree in Business Management and graduated in the year 2011.

Upon graduating in 2011, he worked under an internship programme with the Kenya Forest Service for one year after which he secured a chance in the Kericho School of Professional Studies to teach as a tutor and instructor in the field of Purchasing and Supplies.

He also informed the Committee that he was elected in 2013 as a Member of the County Assembly representing Kapletundo Ward. He further informed the committee that during that time he got an opportunity to interact with residence on several matters pertaining devolution, legislation, oversight, budgeting and other roles as an MCA.

He also stated that during his tenure as an MCA he served in various Committees including committee on Education and Vocation Training, Committee on Gender, Culture and Social Services, committee on Finance, ICT and economic planning and was lucky to be the Vice Chairperson of the Budget and Appropriation Committee and eventually he became the Chairperson of the Budget and Appropriation Committee Bomet County Assembly.

In 2017 he was appointed the County Executive Member in charge of Trade, Industry and Tourism. Upon unfortunate demise of the second Governor, the County cabinet was dissolved as provided for in the Constitution and the third Governor had powers to constitute a new cabinet or retain the members of the previous cabinet, However he was not lucky to be among those who were retained as County Executive Members as resolved by the County Assembly.

Skills obtained in his past experiences

When asked on skills obtained in the past, he stated that having served as member of County Assembly and Member of the Executive Committee, he obtained empathy,

active listening, strategic thinking, flexibility and ability to inspire and convince others during his tenure.

Motivation to apply for the stated position

When asked on the motivation to apply for the position of the Chief Officer having previously served as the County Executive Committee Member he mentioned that there is no position which is junior or senior because what is important is the passion to serve humanity.

Duties and responsibilities of Chief Officer

When asked on the duties and responsibilities of Chief Officer Executive he mentioned that the Office is domiciled in the department of Administration and the Office holder is therefore the accounting Officer of the department.

Duties and responsibilities of Chief Officer Executive

When asked on the duties and responsibilities he is expected to perform as the chief Officer Executive he mentioned that the department of Executive does not directly touch on the implementation of the programmes to the people. It facilitates the achievement of programs in various departments. For example, he mentioned that for the department of water to achieve its goals, the cabinet must approve the relevant policies which will allow the department to run the programme to enable residence access clean water. The programmes must go through the Chief Officers and the County Executive Committee member in charge of Executive. The position is meant to facilitate and act as a liaison to other departments.

His achievements as the COUNTY EXECUTIVE COMMITTEE MEMBER

When asked on the achievements he initiated as the County Executive Committee Member he informed the committee that he initiated several policies and strategies which include internship and youth policies. He also stated that he came up with the empowerment program for the youths especially shoe shiner and *boda boda* shades.

He was also asked if he is aware that *bodaboda* and shoe shiners he initiated were constructed in road reserve and marked for demolition, he mentioned that he is very aware and that they are temporary structures that the national government can agree with the County Government to look for a solution of moving them to a safer place.

Regarding the simmering relationship between the Chief Officers and County Executive Committee Member, he stated that he will strive to foster good relationship between COs and County Executive Committee Member, he further mentioned that if approved and appointed into the position, he will be instrumental in ensuring that there is a harmonious and good working relationship among the members of the County Executive. He further buttressed that there is need to have a seamless working relationship between the County Executive and the County Assembly in solving any issues that may arise from time to time.

Issues dealing with IAAF stadium

When asked to expound on issues related with the construction of Bomet IAAF stadium he stated that the challenge that the project is facing is principally the allocation of resources since it is not the County Government alone that can implement the programme fully and that it requires some joint efforts and collaboration between the two levels of government.

Compassionate funds

On how he will ensure that funds set aside for compassionate is duly utilized he mentioned that compassionate fund is domiciled in the department of Disaster Management and therefore he could not comment further.

Raging Infernos

When asked on how he will bring solution to the random outbreak infernos he mentioned that if approved he will initiate through consultation with the relevant department to find an amicable solution.

Pending litigation in which the county assembly is one of respondent

When asked why they resorted for litigation after the County Assembly rejected his nomination, he mentioned that together with fellow County Executive Committee Member who were rejected they were only trying to seek for justice. He further stated that they also felt prejudiced since they had a legitimate expectation considering the fact that their contract was for five years and they had secured personal bank loans and other commitments for the stated period. He could not comment whether they have withdrawn the said case pointing out that the matter requires a legal intervention. However, he gave an indication that he would consider withdrawing the same once he is advised by his personal lawyer.
