2. FORWARD BY THE CECM FINANCE AND ECONOMIC PLANNING

It is my pleasure to present the County Government of Bomet financial statements for the year ended 30th June 2021. The financial statements present the financial performance of the County executive over the past quarter.

The promulgation of the Constitution of Kenya, 2010 under Chapter 11 ushered Kenya in a new system of governance, replacing the centralised system with a devolved system of governance. The devolved system of governance consists of the National Government and 47 County Governments.

Financing of the County Governments

Article 202 of the Constitution of Kenya provides that revenue raised nationally shall be shared equitably among the National Government and the County Governments. Each County Government's equitable share of revenue raised nationally, is determined yearly through the County Allocation of Revenue Act (CARA). The revenue sharing formula is developed by the Commission on Revenue Allocation and approved by Parliament in accordance with Article 217 of the Constitution.

The County also finances its operations through own generated revenues. These are revenues collected within the County. The key local revenue sources for Bomet County included business permits, land rates, business plan approval, advertising fees, cesses and various other administrative charges.

The County continues to explore new and innovative ways of increasing its local revenue collections. Some of the steps that the County has taken towards improving its revenue collections include:

- Automation of all revenue streams
- Strict enforcement of Finance Act
- Capacity building
- Timely enactment of Finance Act
- Increasing the tax base
- Updating of valuation roll

Financial Performance

Revenue

Total county revenue including exchequer receipts and local revenue collection amounted to Ksh 7,028,809,742 against a target of Ksh 7,619,696,133 representing a performance of 92 per cent with a positive deviation of Ksh 590,886,391 from the planned target. There was also an increase in revenue by 4.7% in the year under review compared to actual receipt in financial year 19/20. *Figure I* below demonstrate the total County Receipts by source. As projected during the period under review the County received the highest revenues from exchequer transfers.

In addition to the revenue received for the year, there were unspent balances carried forward from FY 19/20 amounting to Ksh **474,162,048**. The funds available for use in financial year 2020/21 was Ksh **7,619,696,133** comprising of equitable share, conditional grants, local revenue and unspent balances for financial year 19/20. The variance between targeted revenue and actual revenue was **590,886,391** which are mostly attributed to positive deviation in unreleased conditional grants.

Local revenue collections amounted to Kshs. **183,008,302** against a target of Kshs. **221,421,954** in the year under review. This illustrate that there was a deviation of Ksh **38,413,652** from the projected estimates. The analysis of revenue by sources indicates that the major sources of revenue for the financial year 2020/21 was Hospital/health centres which accounted for 44% of the total local revenue collected followed by Multinationals and Single business permits at 22% and 9% respectively. Embomos tea farm accounted for 7%, property rates 2%, cess collections 2%, markets and slaughter fees 3%, rental income 1%, parking charges 6% and others 2%.

Expenditure Performances

The total spending in the financial year 2020/21 amounted to Ksh **6,124,004,029** against a target of Ksh **7,619,696,133** indicating a performance of 80%. Recurrent expenditure recorded the highest absorption rate of 88% against the budget while development expenditure recorded an absorption rate of 64% against the budget for development.

Further analysis of expenditure in terms of economic classification indicates that salaries and wages consumed a huge part of the expenditure for the period at 40% of the total expenditure. Operations and Maintenance accounted for 33% of the period expenditure while development expenditure accounted for 27% of the actual expenditure for the period.

Analysis of Actual expenditure against the budget

Development expenditure had the highest deviation from the planned performance with a variance of Ksh 904,805,713. This may be attributed to Covid-19 Pandemic, cash-flow constraint and lengthy procurement processes that lead to delays in implementation of development projects. Personnel emoluments was below target by Ksh 51,238,463 while Operations and Maintenance had a variance of Ksh 524,820,297 against target.

Accounts receivables

Imprest management is a critical area of focus in Bomet County Government. Our aim is to adhere to the PFM regulations on imprest management. We appreciate that there is still room for improvement in this area. The main challenge has been delays from some staff to account for their imprests on time. Going into FY 2021/2022, we will place more emphasis on complying with the PFM regulations with regards to imprests.

Pending bills

Our focus as a County is to settle the bills as soon as possible. In every budget cycle, we ensure that part of the allocations is towards settlement of old outstanding pending bills.

Fixed assets

Bomet County Government has made significant investments in fixed assets since coming into office in 2013. Additionally, we inherited some assets from the defunct local authorities. We are in the process of developing a comprehensive asset management policy. The policy will among other things incorporate physical verification of all assets, valuation of assets, depreciation, tagging of assets and maintenance of an asset register.

Article 202 of the Constitution of Kenya provides that revenue raised nationally shall be shared equitably among the National Government and the County Governments. Each County Government's equitable share of revenue raised nationally, is determined yearly through the County Allocation of Revenue Act (CARA). The revenue sharing formula is developed by the Commission on Revenue Allocation and approved by Parliament in accordance with Article 217 of the Constitution.

Value for money and achievement

The implementation of the project and programme was successful due to the releases of funds on time and also the project committees were able to liaise with the departments responsible for the proper monitoring and evaluation.

IMPLEMENTATION CHALLENGES

Risks to Revenue Collection and Budget Implementation Disasters:

Cash flow Fluctuations and Unpredictability:

Internal revenue flow is unpredictable due to fluctuations on a month to month basis. Same applies to equitable share from the national government. The release of the equitable share from the national government has not been regular and budgeting as well as planning for the funds becomes cumbersome thus leading to delays in commencement and completion of projects.

Inflation Rates:

High Inflation rate might destabilize the budgets thus inflating the cost of the projects. This is more pronounced for projects and programmes that roll over for more than one financial year.

Delay in the passage of Division of Revenue Bill:

The delay in the passage of both Division of Revenue Bill and County Revenue Allocation Act makes it difficult to know the accurate Equitable Share amount for the County. This causes changes between the CFSP and final Budget Estimates.

COVID-19 Pandemic:

The COVID-19 pandemic and the associated economic crisis are posing huge challenges, raising many unknowns and imposing wrenching trade-offs. Both crises are global, but their impacts are deeply local.

ALLOCATION FOR THE COMING YEAR 2021/2022 AND THEIR FUTURE OUTLOOK

The financial year 2021/22 Budget has increased by Kshs. 727 million compared to the financial year 2020/2021 budget. The CFSP 2021 proposed resource envelope stood at Kshs. 7.965 Billion, which comprised of the following; Equitable share Kshs.6.691Billion, Own source revenue Kshs.300 million, Conditional grant for leasing of medical equipment Kshs.153 million, World Bank loan for universal healthcare of Kshs.98 Million, HSSF Danida Kshs.12 million, IDA Kenya Climate Smart Programme of Kshs. 350 Million and Agriculture Sector Development Programme (ASDSP) Kshs. 25 million.

However, in the budget estimates, the conditional allocation from donors are likely to increase by Ksh.168 million being Kenya Urban Support Programme (KUSP) funds and balance brought forward estimated to be Kshs. 333 Million which in turn increases total revenue to Ksh. 8,346,766,332.

Key Risk management strategies

Risk management is the process of planning and developing methods and options to reduce threats—or risks—to project objectives. A project team will implement risk mitigation strategies to identify, monitor and evaluate risks and consequences inherent to completing a specific project, such as new project creation. Risk mitigation also includes the actions put into place to deal with issues and effects of those issues regarding a project.

1. Assume and accept risk

The acceptance strategy can involve collaboration between team members to identify the possible risks of a project and whether the consequences of the identified risks are acceptable. In addition to identifying risks and related consequences, team members may also identify and assume the possible vulnerabilities that risks present.

This strategy is commonly used for identifying and understanding the risks that can affect a project's output, and the purpose of this strategy helps bring these risks to the government's attention so everyone working on the project has a shared understanding of the risks and consequences involved.

BOMET COUNTY GOVERNMENT
Reports and Financial Statements
For the period ended June 30, 2021

2. Avoidance of risk

The avoidance strategy presents the accepted and assumed risks and consequences of a project and presents opportunities for avoiding those accepted risks. Some methods of implementing the avoidance strategy are to plan for risk and then to take steps to avoid it. For example, to mitigate risk on new project design, a project team may decide to implement product testing to avoid the risk of product failure before final project design is approved.

3. Controlling risk

Project team will implement a control strategy when mitigating risks to a project. This strategy works by taking into account risks identified and accepted and then taking actions to reduce or eliminate the impacts of these risks.

4. Transference of risk

When risks are identified and taken into account, mitigating the consequences through transference can be a viable strategy. The transference strategy works by transferring the strain of the risk and consequences of another party. This can present its own drawbacks, however, and when the department implements this risk mitigation strategy, it should be in a way that is acceptable to all parties involved.

5. Watch and monitor risk

Monitoring projects for risks and consequences involves watching for and identifying any changes that can affect the impact of the risk. Production teams might use this strategy as part of a standard project review plan. Cost, scheduling and performance or productivity is all aspects of a project that can be monitored for risks that may come up during completion of a project. The following example illustrates ways to monitor and evaluate risk and consequences that can impact a project's completion.

Conclusion

FY 2020/2021 was a good year in general. Good progress was made despite the challenges of the covid 19 pandemic that affected implementation of most of the projects due to lock downs and reduction of revenues from various streams. However, momentum has been created to enable Bomet County Government to continue on a trajectory into prosperity. We have identified gaps and areas to improve on in the subsequent years.

I take this opportunity to thank H.E. the Governor and the Deputy Governor for their support. I would also want to thank my colleagues, the County Executive Committee Members in charge of other departments who we have worked hand in hand to ensure that Bomet County Government achieves its mission.

I thank all staff in the entire County for their continued commitment and dedication through hard work in delivering services to the people of Bomet County.

3. STATEMENT OF PERFORMANCE AGAINST COUNTY PREDETERMINED OBJECTIVES

Introduction

Section 164 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the accounting officer when preparing financial statements of each County Government entity Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the county government entity's performance against predetermined objectives.

Strategic development objectives

The County's 2018-2022 CIDP has identified 34 key strategic development objectives. Broadly, these objectives have been identified through a participatory process that reviewed the development priorities of the Governor's Manifesto, the National Government's "Big Four", NIUPLAN, SDGs and the MTP III.

The strategic objectives are a synthesised product of the afore-mentioned planning frameworks that amalgamate the thematic focus and development aspirations in these policy frameworks.

The key development objectives of the Bomet County's 2018-2022 CIDP are to:

1. Development of policies that prioritize economic opportunities to reduce poverty across the County
2. Enhance access to water for domestic use and for irrigation
3. Proper management of the County natural resources
4. Improve road network across the County by grading and murraming at least 20kms of roads per ward annually
5. Comprehensive town and urban plans that ensure cleanliness and efficient provision of services to the public
6. Enhance access to electricity and ensure that every part of Bomet County is connected to power

4. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

Bomet County exists to transform lives. This is our purpose; the driving force behind everything we do. It is what guides us to deliver our strategy, which is founded on five pillars: putting the customer/citizen first, delivering relevant goods and services, and improving operational excellence. Below is a brief highlight of our achievements in each pillar

1. Sustainability strategy and profile

Accountability is one of the processes whereby a leader or government seeks to ensure integrity. In a global stakeholder society, accountability is among the key challenges of organizations. Responsible leaders are concerned with reconciling and aligning the demands, needs, interests, and communities, shareholders, nongovernmental organizations (NGOs), the environment, and society at large. The government's track record in terms of CSR accounting will be effective when appropriate CSR measures are included in its internal activities.

Economic sustainability implies that macroeconomic and financial stability, as well as the prevention of balance-of-payments crises are a basic requirement for sustained economic and social development. It also implies that human and financial resources must be used in a way that ensures continuous and lasting improvements in standards of living. Inappropriate consumption and production patterns and waste of human, natural and financial resources compromise the quality of the natural environment and jeopardize peace.

In September 2015 in the United Nations General Assembly (UNGA) member countries adopted the agenda 2030 for sustainable development and its 17 goals. As part of implementing the SDGs, the government of Kenya published and launched its Road Map to Achieving SDGs. The Road Map envisages a partnership with all stakeholders as well as building capacity for devolved governments to implement the SDGs. The domestication and integration of the SDGs are imbedded in MTPs and CIDPs. The policies, programmes and projects outlined in the CIDP are aligned with the objectives of all of the 17 goals.

**BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.**

In ensuring sustainable strategy in the County, the following SDGs that are relevant to its mandate:

2. Environmental performance

Environmental sustainability implies that the quality and protection of the natural environment, as well as successful adaptation to climate change, influence the scope for long-term social progress and economic development. Environmental degradation, waste of non-renewable natural resources and the various impacts of climate change have a direct effect on living conditions. They also raise the risk of social friction and reduce the scope for economic growth and the allocation of public finances.

In ensuring a sustainable consumption and production patterns, the county shall leverage on this goal in ensuring that cleaner production mechanisms are adopted and promote the principle of 3Rs (Reduction, Reuse and Recycle) to reduce production of wastes;

Goal 1: End poverty in all its forms everywhere;

Goal 2: Achieve gender equality and empower all women and girls;

Goal 3: Promote sustainable economic growth, full and productive employment and decent work for all; and

Goal 4: Strengthen the means of implementation and revitalizing the global partnership for sustainable development.

Goal 5: Take urgent action to combat climate change and its impacts. To achieve this goal, the county will strive to;

- Strengthen resilience and adaptive capacity to climate related hazards and natural disasters;
- Integrate climate change measures into county policies, strategies and planning; and
- Improve education, awareness raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction, and early warning. Second County Integrated Development Plan, 2018-2022

Goal 6: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification and halt and reverse land degradation and halt biodiversity loss. A large percentage of the county is terrestrial with the

biodiversity thereon facing threats due to land degradation as a result of increasing population. The county is committed to conserving and restoring the use of ecosystems such as forests, dryland and mountains.

On Goal 7: Strengthen the means of implementation and revitalize the global partnership for sustainable development. The county is committed to developing multi-stakeholder partnerships to share knowledge, expertise, technology and financial support to achieve the SDGs. The county will also pursue the Public-Private Partnerships (PPPs) to foster these achievements.

The County intends to achieve these goals by:

- Ensuring equity distribution of the available resources and with emphasis on programmes and projects that have high impact on reducing poverty;
- Implementing procurement procedures and regulations taking into account youth and gender considerations;
- Proper planning and allocation of resources, promote policies that encourage entrepreneurship and job creation to stimulate sustainable economic growth; and Second County Integrated Development Plan, 2018-2022
- Strengthening partnership and resource mobilization strategies so as to address resource limitation.

3. Employee welfare

County Public Service Board role is to establish and abolish offices in the County public service; appoint persons to hold or act in offices of the county public service considering gender ratio including in the Boards of cities and urban areas within the county and to confirm appointments; exercise disciplinary control over, and remove, persons holding or acting in those offices as provided in the law; prepare regular reports for submission to the County Assembly on the execution of the functions of the Board; promote the values and principles referred to in Articles 10 and 232; evaluate and report to the County Assembly on the extent to which the values and principles referred to in Articles 10 and 232 are complied with in the County Public Service; facilitate the development of coherent integrated human resource planning and budgeting for personnel emoluments in counties; advise the county government on human resource management and

development; advise county government on the implementation and monitoring of the national performance management system in counties; and make recommendations to the Salaries and Remuneration Commission (SRC), on behalf of the county government, on the remuneration, pensions and gratuities for County Public Service employees.

County has complied with the Occupational Safety and Health Act, 2007 in revising a written statement of general policy with respect to the safety and health at work of his employees and other arrangements for the time being in force for carrying out the policy

4. Market place practices-

The County government make its effort towards:

a) Responsible competition practice:

This has been well articulated in the County Vision, where distribution of resource is done based on the number of Wards in the County. During the tendering and awarding process, it is always done in line with Public Procurement and Asset Disposal *Act*, 2015.

b) Responsible Supply chain and supplier relations:

The County maintains good business practices, treats its own suppliers responsibly by honouring contracts and respecting payment practices on time. This is done with no discrimination when it comes to payment.

c) Responsible marketing and advertisement-

The County comply with ethical marketing practices. This has been done when new varieties of product are introduced to the market for the residents to subscribe.

d) Product stewardship.

County has a mechanism in place to ensure that it safeguards consumer rights and interests. Public participation platforms enable citizens' endorsement of any product as well as evaluating the taste and preference of the product and thus provide feedback on the product's relevancy.

5. Community Engagements-

The county government has been bringing on board all stakeholders in policy development, budgeting and implementation through public participation. This has

solved governance challenges such as uncoordinated public participation and stakeholder engagements, inequitable distribution of public resources, unfairness in recruitment and promotions and misappropriation of public funds.

6. Others

5. STATEMENT OF MANAGEMENT RESPONSIBILITIES

Sections 163,164 and 165 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity, receiver of receipts and consolidated financial statements for all County Government entities in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The County Executive Committee (CEC) member for Finance and Economic planning of the County Government is responsible for the preparation and presentation of the County Executive's financial statements, which give a true and fair view of the state of affairs of the County Executive for and as at the end of the financial year ended on June 30, 2021. This responsibility includes: (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the county Executive; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) Safeguarding the assets of the county Executive; (v) Selecting and applying appropriate accounting policies; and (iv) Making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Executive's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Executive's financial statements give a true and fair view of the state of the County Executive's transactions during the financial year ended June 30, 2021, and of its financial position as at that date.

The CEC member for finance further confirms the completeness of the accounting records maintained for the County Executive which have been relied upon in the preparation of its financial statements as well as the adequacy of the systems of internal financial control.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

The CEC member for finance confirms that the County Executive has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Executive's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Further the CEC member for finance confirms that the County Executive's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

7.8 SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below:

1. Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions.

The receivables and payables are disclosed in the Statement of Assets and Liabilities.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the County Executive all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented.

The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

2. Reporting entity

The financial statements are for the Bomet County Executive. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

3. Recognition of receipts and payments

a) Recognition of receipts

The County Executive recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Executive.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Tax receipts

Tax Receipts is recognized in the books of accounts when cash is received. Cash is considered as received when notification of tax remittance is received.

ii) Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving Executive

iii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the Executive or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds; sovereign bonds and external loans acquired by the County Executive or any other debt the County Executive may take on will be treated on cash basis and recognized as receipts during the year of receipt.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for projects currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. During the year ended 30th June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans. The amount of undrawn external assistance for the year is detailed in the notes to the financial statements.

iv) County Own Generated Receipts

These include Appropriation-in-Aid and relates to receipts such as trade licences, cess, fees, property income among others generated by the County Government from its citizenry. These are recognised in the financial statements the time associated cash is received.

v) Returns to CRF Issues

These relate to unspent balances in the development, recurrent and deposit accounts at the end of the year which are returned to the County Revenue Fund (CRF) and appropriated through a supplementary budget to enable the County to spend funds. These funds are recognised once appropriated through a supplementary budget process.

b) Recognition of payments

The County Executive recognises all expenses when the event occurs and the related cash has actually been paid out.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the County consolidated financial statements.

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment. A fixed asset register is maintained by each public entity and

a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

4. In-kind contributions

In-kind contributions are donations that are made to the County Executive in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the County Executive includes such value in the statement of receipts and payments both as receipts and as an expense in equal and opposite amounts; otherwise, the contribution is not recorded.

a) Third Party Payments

This relates to payments done directly to supplier on behalf of the county Executive s such as; national government may fund the operation of health or education program, a donor may pay directly for construction of a given market etc. A detail of payments by third parties on behalf of the county Executive is detailed in the notes to this financial statement.

5. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Restriction on cash

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30th June 2021, this amounted to KShs **76,728,262** compared to KShs **109,575,065** in prior period as indicated on note 23.

6. Accounts Receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

7. Accounts Payable

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Non-current assets

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the County Executive's fixed asset register a summary of which is provided as a memorandum to these financial statements.

9. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the County Executive at the end of the year.

Pending bills form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

10. Contingent Liabilities

Section 185 (2) (i) of the PFM Act requires the County Government to report on the payments made, or losses incurred, by the county government to meet contingent liabilities as a result of loans during the financial year, including payments made in respect of loan write-offs or waiver of interest on loans.

A contingent liability is:

A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

- a) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships. The County Executive does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. **Note xx** and *Annex 7* of this financial statement is a register of the contingent liabilities in the year.

11. Contingent Assets

The County Executive does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the County Executive in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

12. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County Executive's budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on **24th June 2020** for the period 1st July 19 to 30 June 2020 as required by law. There were two supplementary budgets passed in the year. A high-level assessment of the County Executive's actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

**BOMET COUNTY EXECUTIVE
Annual Report and Financial Statements
For the year ended June 30, 2021.**

SIGNIFICANT ACCOUNTING POLICIES (Continued)

13. Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

14. Subsequent events

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

15. Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

16. Related party transactions

Related party transactions involve cash and in-kind transactions with the National Government, National Government entities and County Government entities. Specific information with regards to related party transactions is included in the disclosure notes.
