THAT, aware that County health services is one of the devolved functions under Part 2 of the fourth schedule to the Constitution of Kenya 2010; also aware that section 116(1) of the Public Finance Management Act 2012 empowers the Executive Committee Member for finance to establish other public funds with the approval of the County Executive Committee and the County Assembly; further aware that there has been rampant cases of cancer, diabetes and heart related problems in our County; deeply concerned that the cost of treatment for these cases is so high that most of our residents don't afford given their modest living; this County Assembly urges the County Executive Committee once established to establish a fund to help people with cases of cancer, diabetes and heart related problems in our County.
